DETAILED ACTION

1. Acknowledgment is made of applicant's extension of time and amendment which were both received by the Office on May 23, 2001. These documents have been made of record in the file as Paper Nos. 17 and 18, respectively.
2. Claims 1-60 are active.

Claim Rejections - 35 USC § 102

3. Upon further reconsideration of applicant's amendments to the claims, as discussed per an interview held with the applicant and applicant's attorneys on May 16, 2001, the Examiner is withdrawing the 35 U.S.C 102(b) rejection of Prystowsky et al '922 which was made against claims 1-3, 10, 13, 14, 18-21, 30, 31, 35, 37, 38, 44, 47, 49, 51, and 58 in the last Office action.
4. Claims 1-60 are now deemed to be allowable over the prior art of record for the reasons given below in the Examiner's statement of reasons for allowance.

Reasons for Allowance

5. The following is an examiner's statement of reasons for allowance:

Independent claims 1, 18, 30, and 47, as amended, now distinguish over the prior art reference of Prystowsky et al '922 by stating that the delivery of a non-

excitatory electric field to the heart is suppose to modify rather than inhibit the heart's activity. Unlike the device of Prystowsky et al, the applicant's device stimulates the heart to nurture activity in portions of the heart rather than to prevent the conduction of arrhythmic beats. Unable to find any other prior art reference(s) which show or teach these features, the Examiner deems these claims and their depending claims to be allowable over the prior art of record.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

6. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Carl H. Layno whose telephone number is (703) 308-3694. The examiner can normally be reached on M-F from 8:30 AM to 5:00 PM. A voice mail message may be left if desired.

Attachment for PTO-948 (Rev. 03/01, or earlier)

6/18/01

The below text replaces the pre-printed text under the heading, "Information on How to Effect Drawing Changes," on the back of the PTO-948 (Rev. 03/01, or earlier) form.

INFORMATION ON HOW TO EFFECT DRAWING CHANGES

1. Correction of Informalities -- 37 CFR 1.85

New corrected drawings must be filed with the changes incorporated therein. Identifying indicia, if provided, should include the title of the invention, inventor's name, and application number, or docket number (if any) if an application number has not been assigned to the application. If this information is provided, it must be placed on the front of each sheet and centered within the top margin. If corrected drawings are required in a Notice of Allowability (PTOL-37), the new drawings **MUST** be filed within the **THREE MONTH** shortened statutory period set for reply in the Notice of Allowability. Extensions of time may **NOT** be obtained under the provisions of 37 CFR 1.136(a) or (b) for filing the corrected drawings after the mailing of a Notice of Allowability. The drawings should be filed as a separate paper with a transmittal letter addressed to the Official Draftsperson.

2. Corrections other than Informalities Noted by Draftsperson on form PTO-948.

All changes to the drawings, other than informalities noted by the Draftsperson, **MUST** be made in the same manner as above except that, normally, a highlighted (preferably red ink) sketch of the changes to be incorporated into the new drawings **MUST** be approved by the examiner before the application will be allowed. No changes will be permitted to be made, other than correction of informalities, unless the examiner has approved the proposed changes.

Timing of Corrections

Applicant is required to submit the drawing corrections within the time period set in the attached Office communication. See 37 CFR 1.85(a).

Failure to take corrective action within the set period will result in **ABANDONMENT** of the application.
